ABOUT SERVING SENIORS

WHO WE ARE

Founded in 1970, **SERVING SENIORS** is the leading provider of services to San Diego County's most impoverished seniors. Our mission is to help seniors in poverty live healthy and fulfilling lives.

We help homeless and low-income seniors thrive and remain independent using an innovative model of whole-person, wraparound support. Our flagship Gary & Mary West Senior Wellness Center is unlike any other senior center in the nation, providing two floors of coordinated resources including meals, services, activities, a Cyber Café, and access to on-site psychiatric and dental services.

WHO WE SERVE

Each year we change the lives of 6,800 seniors in San Diego County. Our clients live on a median income of \$1,166 per month and pay \$800–850 in rent, leaving just a few dollars a day for food, medicine, transportation, and other basic needs. The economic recession has made these already difficult circumstances far worse for San Diego's poorest seniors. Many would go hungry or find themselves living on the streets without our help.

OUR PROGRAMS AND SERVICES

Serving Seniors provides a broad array of services to help keep local seniors safe, healthy and independent.

- **NUTRITION:** We provide more than 1.4 million nutritious meals a year through our congregate dining sites and daily home-delivered meals to over 5,800 seniors.
- **HOUSING:** We provide homeless seniors free, transitional housing and maintain four permanent supportive housing complexes for low-income seniors.
- **HEALTH AND SOCIAL:** Our team of health educators, social workers, and care navigators provide wraparound care to keep seniors healthy and independent.
- **ACTIVITIES & ENRICHMENT:** We promote socialization and active lifestyles with more than 850 classes and activities a year.
- **ADVOCACY:** We advocate on a local, state, and national level to mobilize meaningful policy change for older adults and engage seniors in the civic process through advocacy training.
